

Archived policy notice

This document was replaced on 1 September 2026 and must not be used for new support decisions.

SUPERSEDED — retained only for retrieval and version-filtering exercises

Historical scope

This version applied to Singapore deliveries handled under the former returns workflow.

Do not apply

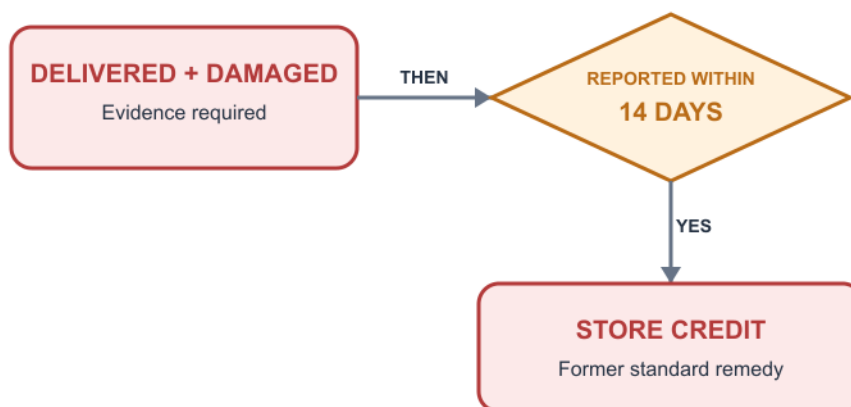

Use the current policy for all cases assessed on or after 1 September 2026.

Former damaged-delivery flow

The archived decision flow below is intentionally retained as a conflicting retrieval distractor.

SUPERSEDED SG DECISION FLOW

Archived version — do not use for current cases

This historical threshold conflicts with the current policy and is included as a version-filtering test.
